

Introducing PASS Release 5.23

PASS Release 5.23 further enriches PASS functionality and improves the procurement process.

Here are the highlights:

Reports

- A new Purchase Order standard report was created, "PO Summary Report by Requester Agency and Date."
- A new Requisition standard report was created, "Requisitions Report by Requester Agency and Date."

Contracts

- The Contract Administrator Dropdown lists all the current PASS users (non-contractors.)
- All Contracts will be loaded into the OCP database nightly.
