

## **Introducing PASS Release 6.25**

PASS Release 6.25 further enriches PASS functionality and improves the procurement process.

Here are the highlights:

### ***Requisitions***

- For all OCTO requisitions, a new 'Fiscal Year' field has been added. This is applicable to OCTO only.
- When contracting specialists/officers process "Hours Based" requisitions, the system will prompt them to populate the Resource Name field. This field is only visible to the contracting staff.

### ***Reports***

- New fields have been added to the "Requisitions report by Requestor Agency and Date" report: Program Unit, Contractor Name, Fiscal Year, Project Start Date and Project End Date.
