

Introducing PASS Release 6.12

PASS Release 6.12 further enriches PASS functionality and improves the procurement process.

Here are the highlights:

User Profile

- The issue of new users not receiving the PASS welcome email has been fixed.
- The oAPT e-form has been locked for the current fiscal year. The oAPT can be entered only for the following fiscal year (i.e. FY2015) (Applicable to OCP Customer agencies only)
- The user maintenance requests can now be searched by the name of the user.

PASS OAPT

- To understand green codes, PASS now has added a link for green procurement on the OAPT form. There is a link visible for green procurement. When the user clicks on the link, the user will be able to go to the OCP's green procurement page. (Applicable to OCP Customer agencies only)

Reports

- New search filters have been added to the PO reports by contractor. The new filters are project start date and project end date.

Contracts

- In the contracts module, the CBE expiration task has been added to track the vendor's CBE expiration date. The contract owner will receive a 30 day notification before the CBE expiration date. It is a non-mandatory task.
