

Introducing PASS Release 3.6

PASS Release 3.6, implemented on December 11, 2008, will further enrich PASS functionalities and improve the procurement process. Here are the highlights:

PASS Requisition and PO Changes

- The rate card for eTimesheet POs are now visible on the PO print view.

PASS Direct Voucher Enhancements

- The BANK ID field is now editable on the Direct Voucher, allowing OCFO to pay direct vouchers electronically.

Timesheet eForm Fixes

- Timesheet eforms will no longer erroneously receive a date exception when the timesheet eForm is created.
